## SUSTAINABLE GIFTING

Dao Ethical Gift's team **personalizes products that resonate with your values and CSR strategy: together fostering a positive impact on society.**

We create an extensive variety of handmade, customized merchandise, including t-shirts, packaging for conferences, seminars, galas, and receptions. According to the unique needs of each and every customer, we can use upcycled fabrics and natural materials, ensuring traceability and advocating for a responsible supply chain.

We support marginalized mothers to break the cycle of poverty and violence. Women in-need receive work readiness coaching, are trained in financial literacy, and generate extra income by producing ethical gifts (Chiang Mai Province).

Dao Ethical Gifts closely monitors impact. As the spin-off social enterprise of Baan Dek Foundation, 100% of profits are channeled to supporting women and their families through the foundation's programs ([www.baandekfoundation.org](http://www.baandekfoundation.org)).

**Let's foster a sustainable gifting holiday season: order now!**

"As a woman, Dao has changed my life for the better. Dao helped me out of a dark place by discovering my love for sewing and creativity: I can really be imaginative on the fabric! As a single mother, before Dao I was unemployed and couldn't send my kids to school. I am now able to provide food, a great education, and more quality time with my kids."

## LUXURY HYDRATION: WATER IN CRYSTALS

### Executive Gift

Offer an elegant crystal carafe engraved with your logo and encased in a unique, handcrafted bamboo box. Surprise your clients and friends with an embodiment of “water fountain recipient,” seamlessly blending the ethos of a plastic-free environment with a touch of elegance.
